In the centre of historic
downtown Orangeville

Reviews

"Catholic Family Services has been renting the facilities at St. Mark's Church for a number of years. Centrally located in Orangeville, it is easily accessible to our clients. The rooms are spacious and clean, and there is a newly renovated kitchen onsite should you require it. Access to the space has been made easy and convenient and the office is always prompt and efficient with requests for accommodations or to address any questions we have."

-Catholic Family Services

Great space to run a cooking class! The long center island is perfect for small group work stations and the commercial grade gas oven and burners make for a professional cooking experience."

-Dufferin Area Family Health Team

"Our TOYS (Theatre Orangeville Young Singers) choir has been rehearsing in the Parish Hall for many years. The space is bright and clean and the staff is always accommodating to our choir. They are the most wonderful of hosts and we're thankful to be able to continue our relationship with them."

-TOYS Choir
